

Migration brief: Opsgenie

Prepared 2026-10-07 - sourced facts, verify with the linked announcement.

Shutdown date: 2027-04-05 (180 days left)

Export deadline: 2027-04-05

Official announcement: <https://www.atlassian.com/software/opsgenie/migration>

What stops working

Opsgenie shuts down and becomes inaccessible on 2027-04-05; end-of-sale (no edition changes) since 2025-06-04.

Data at risk

Any Opsgenie data not migrated by 2027-04-05 is deleted.

Documented migration options

- [Jira Service Management \(Atlassian's migration path\)](#)
- [Jira Service Management](#)
- [PagerDuty](#)
- [Grafana OnCall \(OSS\)](#)
- [Splunk On-Call](#)

Action checklist

1. Export data before the deadline (2027-04-05)
2. Pick a replacement and run parallel for one cycle
3. Update runbooks, integrations and billing
